# LIFE CYCLE ASSESSMENT WORKSHOP

LCA

DATE & TIME

**13 - 14 NOV 2024**

9am - 5pm

VENUE

**Iconic Hotel,  
Penang**

TRAINING FEE

**RM 200** MRC MEMBERS

**RM 500** NON-MEMBER COMPANIES

RSVP by

**4 NOV 2024**

LIMITED TO 30 PARTICIPANTS

## WHAT YOU WILL LEARN

This workshop will provide an overall view of the basic concepts in the fundamental principles of environmental Life Cycle Assessment (LCA) analysis for a product or service. LCA is a comprehensive assessment and a holistic approach that can provide relative and accurate information to be applied in environmental management.

It can be used to evaluate environmental impacts associated with a product's life cycle from cradle-to-grave including raw material extraction, transportation, materials processing and manufacturing, distribution, use, maintenance, and disposal by identifying the energy, materials used, and emissions released to the environment.

The aim of the workshop is to provide exposure on how to conduct life cycle assessments analysis and to enhance the understanding of green technology application by the industry.

Upon completion of the training, participants will receive an online Certificate of Completion from MRC.

## TRAINER

### Ir. Ts. Nurul Huda binti Mat Nor.

PEPC(BEM), P.ENG, MIEM, MBOT, SEA, SEP.

Qualified Sustainability Impact Consultant & Trainer, holding a Certified GRI Sustainability Professional certification and 17 years of experience in QSHE and sustainability.
